Steve loved life and lived it to the full, he put more into his 30 years than many put into a whole lifetime. We could never imagine him as an old man restricted by the incapacity of old age but for his life to end so young is a terrible tragedy.

He was a devoted father to Tia and Quinn, a loving partner to Nicole, a loving son, brother and uncle. He was also a true friend to many, many people.

He is remembered by thousands for his You Tube videos and vlogging. These are to be preserved to create a permanent online memorial.

Many people have asked how they can help us at this difficult time. One thing we would ask is that Steve's memory is kept alive and that Tia and Quinn are helped to remember him and how much he loved them.
